

# ANN'S MANE MUST-HAVES

**ISOPLUS OIL SHEEN** "I use the light oil sheen spray with mink oil because it doesn't weigh my hair down and it gives a good shine."

## **NOURITRESS PRODUCTS**

"They have a temple balm, an oil that stimulates your scalp, and then there are vitamins that work great. It's really a great, great product line for the hair. I use the vitamin, and it makes my hair shiny, long and healthy."

## **PROFECTIV PRODUCTS**

"I'm wearing *Auburn Spice* right now, from PROFECTIV's Relax & Refresh line. I use their products a lot, like their leave-in moisturizing conditioner, the new mousse for strengthening, and anti-itch and moisture products that keep your hair from breaking off."
